

~~~~~ Catalogo 2024 ~~~~~

Paola Pagano crea e produce stampe originali disegnate dall'omonima illustratrice e pattern designer. Disegni freschi, allegri ed audaci che reinterpretano soggetti classici e pop ed inseriscono un tratto di originalità ed ironia senza rinunciare ad un'estetica elegante. L'idea è che l'eleganza non è noiosa ed altezzosa ma divertente, colorata e unica.

Adatti per moda e arredo, i campionari di Paola Pagano prevederanno cotone e seta per entrambi i mercati. Il campionario per l'arredo verrà rinnovato su base annuale mentre quello per la moda su base stagionale.

Paola Pagano si impegna in una produzione responsabile e rispettosa dell'ambiente utilizzando metodi e pratiche di stampa socialmente ed ecologicamente sostenibili, aggiornandosi e seguendo gli enormi cambiamenti tecnici che negli ultimi tempi l'industria del tessile ha introdotto.

# il Catalogo

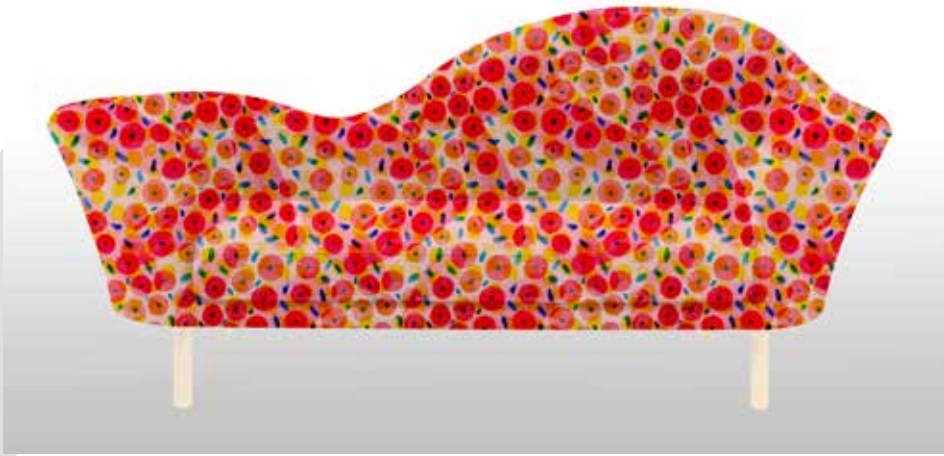

Il Catalogo 2024 è una raccolta di fantasie astratte e floreali create negli ultimi anni. Colorate, audaci e fresche, queste stampe sono perfette per rendere unico qualsiasi spazio/guardaroba. Data la loro versatilità, tutte le fantasie possono essere stampate sia su basi più pesanti e in formato più ampio adatto all'arredo, che su basi leggere più consone alla moda.
